Danielle Campbell Weiss
Assistant City Attorney
Legal Department
City of South Bend
227 W. Jefferson Blvd., Ste. 1200
South Bend, IN 46601

Re: Request to City of South Bend for ShotSpotter Data

Dear Ms. Campbell Weiss,

Pursuant to your inquiry for ShotSpotter data with specific locations and expanded timelines we can offer the following response with a redacted data set as attached.

With respect to this request, Right to Know Law and/or Public Records Act/Freedom of Information Act, ShotSpotter and its confidential, proprietary Data and records are protected under the exemptions expressly defined in the Public Records Act, Evidence Code and California Civil Code as follows:

ShotSpotter and its confidential, proprietary Data and records are protected under the exemptions expressly defined in the Public Records Act, Evidence Code and California Civil Code as follows:

ShotSpotter gunfire alert Data and records are a trade secret, and are exempt from disclosure pursuant to Evidence Code section 1060 which refers to subdivision (d) of Section 3426.1 of the California Civil Code for the definition of trade secret, as follows:

"Trade secret" means information, including a formula, pattern, compilation, program, device, method, technique, or process, that:

- (1) Derives independent economic value, actual or potential, from not being generally known to the public or to other persons who can obtain economic value from its disclosure or use; and
- (2) Is the subject of efforts that are reasonable under the circumstances to maintain its secrecy.

Per the terms and conditions of the ShotSpotter Flex™ Services Agreement between SST, Inc. and the South Bend Police Department, and specifically section 1A "Rights in Data" and 1B "Restrictions", all ShotSpotter Data and records are the sole and exclusive property of ShotSpotter, and the South Bend Police Department is expressly prohibited from distributing or

making our Data or records available to anyone outside the agency.

ShotSpotter keeps the gunfire alert Data and records confidential and secret by not releasing them to the public and by including Data restriction rights and confidentiality clauses in all customer agreements.

ShotSpotter gunfire alert and location Data are our company's main product, and we derive substantial economic value from the aggregated gunfire alert Data by retaining the right to resell them to other customers such as the Department of Justice, municipalities, and/or BATF. This economic value is vital to the continuing operations of our company, and releasing the Data requested would essentially destroy that economic value.

To further the point for not falling under the Freedom of Information Act, ShotSpotter performs no government act or action, supplies only data to its customers. In turn the customer can use or act on all or part of that data notification. No data is stored on or at the customer premise and the customer is restricted to online access only via user applications. Some or all the existing data could be required as part of an ongoing criminal investigations and release of the data in non-redacted form could harm the case.

Lastly, ShotSpotter has invested heavily for over twenty years in development of proprietary technology and any release of the unredacted data or technology specifics could jeopardize the successful future of the company and possibly offer competitive advantage to other vendors.

We hope this concludes this matter. If you require additional information or have questions, please do not hesitate to contact me directly. All of us at ShotSpotter are proud to serve the South Bend Police Department in its fight against gun violence. Thank you in advance.

Sincerely,

Mike Will
Vice President
Forensics & Technical Support
