Dr. Fox/Mike - Good evening. I wanted the two of you to be aware of information we received from our students. Students shared news of an event being planned at Finnies Next Door for tomorrow evening. According to the students, it is being called the "100 days to graduation dance party". Students have shared frustration of FND's lack of adherence to mask wearing, social distancing and large numbers gathering.

Additional frustration was communicated around the fact that on-campus, university orchestrated events are limited to no more than 50 people, requiring all COVID safety protocols, yet a local bar can blatantly be out of compliance.

I will continue to keep you posted on the information I hear. Tim
