RE:Trisha Carrico

Dear Mr.Jones,

I would like to publicly retract my statement against [REDACTED]. I also would like to apologize for any harm or inconvenience that I may have caused her. As part of my statement I would also like for all parties to know that I am an indigent individual due to my disability and medical condition. My medical condition is rare and will never get better. This diagnosis is a lifetime condition that only 1 out of 2,500 people have nationwide. I am unable to work and therefore I have no monetary resources.

I hope this statement serves as satisfactory to [REDACTED] and hope that she can accept my apologies without further ado or any further court proceedings.

Sincerely,

Vernado Malone
